

TEAM MENTALITY

Once you join Ziegler, you're not confined to one job. We recruit the best people available and place them in positions that best suit their skill sets and areas of interest. You may start as a technician and decide that sales is your cup of tea. A customer service support representative may evolve into a product specialist.

New opportunities and avenues for professional growth are always a part of being on the Ziegler team.

YOUR CAREER IS WAITING!

COMPANY DIVISIONS

THE RIGHT OPPORTUNITIES FOR YOU

Innovative change in the construction industry has created an increased demand for qualified professionals. At Ziegler Cat, we are committed to providing the best products and service available in the market today. In order to continue building upon our reputation in the industry, we are always looking to bring in **THE BEST AND THE BRIGHTEST**.

Your Success Is Our Success

Your first job at Ziegler is just the beginning. Countless opportunities await you.

TWO-YEAR DEGREE: Start in the shop. Want more customer interaction? Learn the products and become a customer support representative (CSR). A new product catch your eye? Ziegler is always looking for qualified specialists to create solutions for contractors. Find your niche and become more than a worker, become a valued *resource*.

FOUR-YEAR DEGREE: Roll in as a trainee, move up as a territory manager or CSR or technology specialist or marketing specialist or technical communicator or ... you get the idea.

Our Team

We recruit people, not degrees. We have sales representatives and CSRs with engineering, history,

finance, international business, teaching, and Spanish degrees. These varied backgrounds are what make our team unique.

At Ziegler Cat, the construction, rental, power systems, product support, and ag divisions work in concert with each other. This diversity fosters opportunity while constantly keeping the company vibrant and viable.

The Ziegler team was built on the values of *integrity, professionalism, commitment, continuous improvement, and customer focus*. These values are not merely slogans; they govern the direction of our company today as we move into the future.

About Ziegler Cat

Established in 1914, Ziegler is one of the largest and most successful Caterpillar® dealers in the United States. Our founder, W.H. Ziegler, realized early in his career that the key to building a successful business is customer satisfaction—not just by selling quality equipment, but by backing it up with excellent service and parts availability.

Today, Ziegler Cat has state-of-the-art facilities with the latest in shop technology and ergonomically designed work spaces. After nearly 100 years in business, we are still grounded in our commitment to our customers and our employees.

Ziegler Cat Construction

Ziegler Cat's construction division is the backbone of the company. From mining and forestry to bridge and highway construction, from residential and commercial development to landscaping, Ziegler has the machines, technology, technicians, parts, and customer service to get the job done right the first time.

Ziegler Power Systems

The Cat® name has always been synonymous with power. From the power that moves our construction equipment to emergency power generators for hospitals, Ziegler Power Systems is at the forefront of power solutions.

Electrical Power Generation (EPG) and Original Equipment Manufacturing (OEM) differentiate Ziegler from competitors by diversifying our products not just within Ziegler, but also in the marketplace itself.
