

LX-Series Auger Bits

These are the strongest and most durable auger bits we have ever produced. The LX-Series brings new elements of performance and durability to the attachment industry. Recommended for use with the SK450 auger drive units and other drive units when the applications are unusually tough or abrasive. We feel you will not find a better auger bit anywhere.

LX-Series bits feature a heavy-wall center shaft with the strongest cast-alloy boring heads and 3/8-inch (9.5mm) double-wrap flighting. Even the tooth holders are removable and can be easily replaced in the event they do become worn. A wide variety of large teeth and center points are available to adapt your auger to almost any augering conditions.

Because of the tough conditions these auger bits are used in, they come standard with a heat-treated 2-inch hex hub. (2 1/2-inch hex hub is available.) LX-Series auger bits are approximately 50 inches (1.3m) in overall length. Diameters range from 9 inches to 48 inches. Longer augers are available upon request.

Model #	Description	Weight (Lbs/Kg)
LX-9H	9-inch (229 mm) auger with 2-inch (51 mm) hex hub	125/57
LX-9-2.5H	9-inch (229 mm) auger with 2 1/2-inch (64 mm) hex hub	130/59
LX-12H	12-inch (152 mm) auger with 2-inch (51 mm) hex hub	158/72
LX-12-2.5H	12-inch (152 mm) auger with 2 1/2-inch (64 mm) hex hub	175/79
LX-14H	14-inch (356 mm) auger with 2-inch (51 mm) hex hub	
LX-14-2.5H	14-inch (356 mm) auger with 2 1/2-inch (64 mm) hex hub	
LX-18H	18-inch (457 mm) auger with 2-inch (51 mm) hex hub	
LX-18-2.5H	18-inch (457 mm) auger with 2 1/2-inch (64 mm) hex hub	
LX-20H	20-inch (508 mm) auger with 2-inch (51 mm) hex hub	
LX-20-2.5H	20-inch (508 mm) auger with 2 1/2-inch (64 mm) hex hub	
LX-24H	24-inch (610 mm) auger with 2-inch (51 mm) hex hub	310/141
LX-24-2.5H	24-inch (610 mm) auger with 2 1/2-inch (64 mm) hex hub	315/143
LX-30H	30-inch (762 mm) auger with 2-inch (51 mm) hex hub	422/191
LX-30-2.5H	30-inch (762 mm) auger with 2 1/2-inch (64 mm) hex hub	427/193
LX-36H	36-inch (914 mm) auger with 2-inch (51 mm) hex hub	475/216
LX-36-2.5H	36-inch (914 mm) auger with 2 1/2-inch (64 mm) hex hub	480/218
LX-48H	48-inch (1,219 mm) auger with 2-inch (51 mm) hex hub	508/230
LX-48-2.5H	48-inch (1,219 mm) auger with 2 1/2-inch (64 mm) hex hub (Special order only.)	510/231
