AVANTTECNO.COM/US

Clear snow, salt surfaces and handle winter's toughest jobs with the agility and ease of **Avant's** multi-purpose articulated loaders and attachments.

Avant is an excellent solution for property maintenance services including snow plowing, salting, de-icing, snow shoveling, snow blowing and snow hauling.

- Stay safe and warm all winter long with heated cab options.
- Avant's compact size allows operators to fit on 48" sidewalks, making snow removal easier and more efficient.
- Traffic kits containing headlamps, blinkers, reflectors and a beacon are available.
- Hydrostatic 4WD ensures reliable and efficient operation, even in the toughest conditions.
- With more than 200 attachments, Avant loaders are multi-purpose year-round machines.

TOP 10 REASONS TO INVEST IN AN AVANT LOADER

- 1 VERSATILE**
Snow removal experts and property managers love the versatility of the Avant as it gives them the ability to perform multiple tasks with one machine.
- 2 COMPACT**
The Avant is compact enough to safely maneuver around tight job sites and on 48" sidewalks - it can also be transported with a ½ ton pick-up and trailer.
- 3 USER FRIENDLY**
Avant loaders are very easy and safe to operate thanks to basic controls and a unique hydraulic connection system. The ROPS safety frame with FOP canopy, side entry to operator station and low center of gravity make it a safe solution on every job site.
- 4 TELESCOPIC BOOM**
The offset telescopic boom allows for greater lifting height and outreach than a conventional or skid-steer loader.
- 5 QUALITY**
The Avant is manufactured in Finland to the highest standard using only high-quality materials. Avant uses Kubota diesel engines backed by a 24-month warranty.
- 6 ARTICULATED CHASSIS**
The articulated chassis allows the operator to drive over sensitive surfaces without marking them, including lawns.
- 7 STABILITY**
A rigid articulation joint means you can safely negotiate demanding terrain.
- 8 OPERATOR COMFORT**
Ideally positioned controls, heated cabs and suspension seat beats standing on a loader any day.
- 9 PRODUCT RANGE**
With an extensive product range, encompassing 13 models and over 200 attachments, your needs are covered.
- 10 EXCELLENT VISIBILITY**
The Avant provides 360-degree visibility with clear sightlines from the cockpit.

ATTACHMENTS

Avant Tecno USA stocks a wide range of snow removal attachments for Avant loaders including dozer blades, rotary brooms, snow blowers and snow plows. Whatever the application, Avant has the attachment.
